## INFORMATION ABOUT ICRPG..

Thank you so much for your interest in these supplemental card decks! We hope that you find them to be just as helpful at your table as we do at our own.

These cards are not an official part of ICRPG. However, these are created with the blessing and help of Hankerin Ferinale. As such, these cards are provided as a free print-n-play PDF or provided at-cost for the print-on-demand cards from DriveThruCards.
